

14.00 Short introduction to the project
 14.10 Pedro Oliveira/Regina Menino: Effect of different N levels on three strawberry tray-plant cultivars"
 14.30 Djurdjina Ružić: First results on comparative studies of raspberry and blackberry genotypes propagated with standard technique and micropropagation in vitro
 14.50 Cecilia Stanghellini: Efficient cooling of strawberries during glasshouse production for managing harvest time
 15.10 Rolf Nestby: Supplemental LED Growth Light in Remontant Strawberry and primocane raspberries at High Latitude in 2011.
 15.30 Edward Zurawicz: Production of raspberries in Poland and first results of the studies on season extension of primocane fruiting cultivars.
 15.50-16.20 Break
 16.20 Pedro Oliveira : Is a blackberry double cropping system possible?
 16.40 Bert Evenhuis: Use of a decision support system as a help to control Botrytis and minimize fungicide residues on strawberry
 17.00 Gijs van Kruistum: IPM of thrips in strawberry: first steps towards a system for biological control
 17.20 Tuomo Tuovinen: Biological control of mites on strawberry and raspberry – recent experiences in practice.
 17.40 Erika Krüger-Steden: Cultivar, production system and environmental conditions: possibilities to affect the content of bioactive compounds in strawberry.
 18.00 End of seminar

8.30-12.30
 - Task leaders: short presentations of progress in deliverables
 - discussion of co-operation and plans

13.00 Lunch
 14.30- Field visit

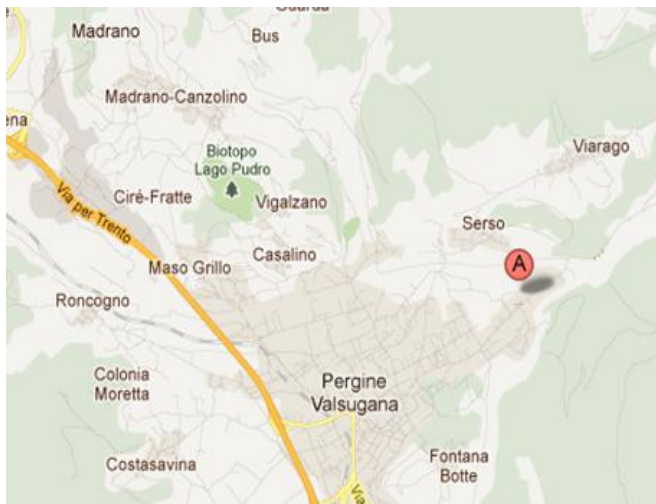

Participants for EUBerry meeting:

Speakers

Rolf Nestby, Bioforsk, Norway
 Pedro Oliviera, INRB, Portugal
 Edward Zurawicz, Research Institute of Horticulture, Poland
 Djurdjina Ružić, Fruit Research Institute, Čačak, Serbia
 Cecilia Stanghellini, Stichting DLO, The Netherlands
 Bert Evenhuis, Stichting DLO, The Netherlands
 Gijs van Kruistum, Stichting DLO, The Netherlands
 Tuomo Tuovinen, MTT Agrifood Research Finland, Finland
 Erika Krüger-Steden, Forschungsanstalt Geisenheim, Germany
 Regina Menino, INRB, Portugal

WP2 meeting participants

Agnieszka Masny, Research Institute of Horticulture, Poland
 Päivi Parikka, MTT Agrifood Research Finland, Finland
 Anne Zaar, Forschungsanstalt Geisenheim, Germany
 Simone Pierini, Freson de Palos, Spain
 Davide Neri, Marche Polytechnic University, Italy
 Francesca Balducci, Marche Polytechnic University ,Italy
 Bruno Mezzetti Marche Polytechnic University, Italy
